### **Motor Dealer Council of BC Commences Legislative Review**

**June 17, 2004**

**Burnaby, BC** – The Motor Dealer Council of BC (MDC) announced today that it will lead an extensive review of the Motor Dealer Act and Regulations. The Board will work with members of the motor dealer industry and other stakeholders.

A working committee, chaired by MDC Board member Gary Cowell of Richmond, BC, will lead a province-wide consultation with input and participation from all related industry and consumer organizations.

“When we opened our doors in April, one of our first priorities was to review the legislation that has not been updated in over 20 years,” said MDC Chair Bob Stewart. “With the help of a working committee, we will recommend to government specific changes to the legislation”.

Organizations and individuals interested in being involved are invited to contact Earl Manning, Industry Development Manager at 604-293-3522 or email [earl.manning@mdcbc.com](mailto:earl.manning@mdcbc.com) for more information.
